FAQs

Q1. Betachek C50 is not on my doctor's "preferred list" of blood glucose meters.

Answer: Betachek C50 is a new meter and most lists are old. Your doctor is free to prescribe off the list - it is only a *guide* from the CCG to keep costs down.

Betachek C50 is a low cost system that meets the price point suggested by CCGs of <£10/50 tests (2023 Drug Tariff)

Q2. My Pharmacy doesn't stock Betachek C50 cassettes.

Answer: Your pharmacy can order Betachek C50 cassettes from Alliance Healthcare.

If they have any problems simply send us an email with the name and address of your preferred pharmacy and we will assist them.
